

The donor bricks will be placed on the outside wall of the new building at Yorktown Sports Park. The “donor wall” will be facing south to the main parking lot. Anyone who enters the area will be able to view these bricks as a reminder of families and individuals who have supported DCFC and wish to contribute to the building project.

DCFC is a 501c3 not-for-profit organization with a vision to be more than a soccer club in our community. DCFC aims to build exceptional individuals by teaching strong moral values through integrity, teamwork and personal responsibility. DCFC compliments these values by also teaching good health, physical, emotional and psychological development.

The funding of this building project is a joint collaborative effort between DCFC, Delaware County and the Town of Yorktown. This building facility is to provide public bathrooms, support for soccer activities, concessions, administrative office and field maintenance storage.

The building will also provide a physical landmark representing the home of DCFC and will stand for decades to come. With the recent paving of pathways addition to and around the soccer fields, DCFC is proud to have been certified as ADA compliant. DCFC wishes to continue offering donor and sponsorship opportunities associated with this building. Each year the facility will be visited by hundreds of families, thousands of players, coaches, referees and spectators.
